

Flitwick and Ampthill Tennis Club

Section 3.8 – Engaging the Local Community

It is important to link with at least one school or community group to raise awareness of your facility and programme of activity, it also widens your potential talent/membership pool. Flitwick & Ampthill have a link with Bedfordshire Lower Schools and the club hosts an annual tournament each June for the schools to compete.

We also hold an open day every year when all the schools are notified of the occasion and are encouraged to attend with their parents to enjoy the sport.

We provide contact details of the club to the schools and encourage them to visit our website where there is a wealth of information about the club.

Also we encourage the schools we link with to participate in the FREE Primary and Secondary Teacher Training Courses; those trained receive a set of interactive DVD's and a kit bag to enable them to deliver tennis at the appropriate level in school.
